Trail along the Macatawa River offers scenic vistas

Window on the Waterfront Trail is located along the south edge of the Macatawa River in Holland, Michigan, between Columbia Ave. parking area and River Ave. parking area. The 30 acre trail-park offers scenic views of vast marshlands and views of the historic Windmill Island. Most of the trail is paved with overlooks along the way. A portion of the trail is a boardwalk that skirts the marsh, winds it's way out over the water and back into the park. A few flower gardens are located near the trail. The sculpture "Geertje & Cornelius" is on the south side of the park, near 6th Street.

There a number of parking lots with access to the trail, we are starting our day at the corner lot located at Coumbia Ave. and East 4th Street.

CRITIQUE: 1:30 at the mid-section viewing platform.

RESTROOMS: Porta-Jons available
